1 these guys?

2 A. I'm employed through the county and that's who
3 pays me.

4 Q. Let's talk about the Intoxilyzer 5000. How
5 long have you been dealing with Intoxilyzer machines?

6 A. About five and a half years.

7 Q. Were you around when the Intoxilyzer 3000 was
8 around?

9 A. No, sir.

10 Q. Have you heard of the Intoxilyzer 3000?

11 A. Never heard of it.

12 Q. Were you aware there was a machine previous to
13 this machine?

14 A. Yes, but not the 3000.

15 Q. Okay. What was the other machine that you were
16 familiar with?

17 A. There's the Data Master, the Breathalyzer, the
18 4011 ASA, and the 66 Model 5000.

19 Q. Do you have an opinion based on your experience
20 and training -- let me phrase it this way. If you're
21 trying to get someone's blood/alcohol concentration,
22 isn't the most accurate means of doing that through
23 taking a blood test?

24 A. What I deal with is strictly is the blood.
25 Both means are equally as accurate for alcohol
